

13. Bombards and Pushouts

Perfect these!

(solid line is a stroke, dashed line is the course of a sparked ball)

Start where the balls are two mallet heads apart. On the second round start three mallet heads apart. How far can you get?.

Strategy and Tactics Practised: Bombards and Pushouts

Bombard through a gate

The aim of the leading team is to remove all opposition balls from the court. 5 and 10 are outballs and not engaged with the scenario. Starting with ball 1, follow the instructions on the diagram starting from the right. If you can obtain the same outcome by another means, by all means do so. This is a challenging activity. When first attempting it, set the balls quite close

Make it a game: 2 players complete the drill several times – each outball scores a point

Strategy & Tactics practised: Bombards & Pushouts

Watch opposition play

Beware when bombarding...

...the next ball to play
